BUILDING ON HEALTH CARE FOR A BETTER AMERICA

2010 LEADERSHIP SUMMIT

MAY 15TH & 16TH, 2010

KERHONKSON, NY

“ At this year's leadership summit, we'll plan our strategy and build our skills through workshops, panel discussions and networking. We'll get ready for the upcoming election season and to win on our issue campaigns - creating a government that works for all of us! ”

-Ivette Alfonso, Capital District Board Co-Chair, Citizen Action of New York

“ The passage of health care reform is a victory for our vision of a better America. Now we must use the momentum we have to come together and win on issues like:

- quality education for our kids

- ending corporate control of elections
- making our health care system stronger. ”
